**CONNECTYARD**  
Resource Page

## About ConnectYard

ConnectYard provides a completely private and secure, social engagement platform that allows for anytime, anywhere communication and collaboration across a variety of social and mobile technologies.

### AN INTRODUCTION TO CONNECTYARD

What is ConnectYard? What is its purpose? What are the benefits to faculty and students? [📺](#)

This is an 11-minute video that provides an overview of the tool and how it has been used at DeVry. If you prefer to dive in to the technology and explore, skip down to the next section.

### THE BASICS

*PLEASE NOTE: Chamberlain College of Nursing uses a tool that is similar to ConnectYard in their nursing courses, and that tool is called Notifications. Both Notifications and ConnectYard cannot be implemented for the same student account. Chamberlain students will continue to have access to Notifications in their courses, but not Connect/Yard. If you have Chamberlain students in your class, please be aware that those students will not receive notifications.*

*For additional assistance with ConnectYard in your course, please contact the DeVry HelpDesk.*
