

Week One Assignments Page

Along with other items already there, add a new section:

ePortfolio Work

In this course, you will begin to build an online portfolio which documents your progress in the Fundamental Skills of Nursing. This portfolio will include several required assignments, but you will also have the opportunity to earn badges that demonstrate your proficiency in some skills to future employers.

This week you will set up your ePortfolio in Pathbrite and begin personalizing it. Click here to access Pathbrite. Review the instructions provided here about how to set your ePortfolio up for this course.

(Bulleted list of direction documents goes here.)

Badge Work

In addition, you have the opportunity to earn as many badges as you want each week:

Six HESI RN Case Studies (One badge for each, earn as many or as few as you like during this course)

- Mobility
- Skin Integrity
- Urinary Patterns
- Breathing Patterns
- Altered Nutrition
- Constipation
- Complete all 6 Case Studies to earn your spot on the HESI RN Case Study Leader Board

NCLEX Style Review Questions

- These are at the end of each chapter in Units 1 through 7
 - Complete 2 sets to earn a Beginner Badge
 - Complete 4 sets to earn an Intermediate Badge
